STANDARD EQUIPMENT

- Industrial engine, complete with cooling system, injection system with speed governor
- Industrial, brushless IP23 and H class alternator with electronic voltage control system
- Heavy Duty type, daily fuel tank integrated baseframe
- 12/24 Volt Battery
- Anti vibration mounts under the genset
- Industrial type exhaust silencer
- AMF Type Control Panel
- 3 poles MCCB
- Electrical Fuel Level Gauge
- Battery Cutoff switch
- Radiator Level sensor
- Lifting hooks

OPTIONAL EQUIPMENT

- Sound Proof Canopy completing with Residential type Exhaust Silencer or insulated exhaust pipes
- Critical type Exhaust Silencer
- 4 poles MCCB
- 3 / 4 poles ATS
- Coolant Heater
- Socket outlets
- Trailer
- Synchronization Panel
- Remote control / monitoring
- Fuel Prefilter
- Oversized Fuel Tank
- Lubrication and Fuel Heaters
- Auto fuel filling
